SCIENCE IN SOLUTION

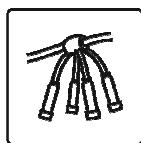

# CLEARWAY PLUS

POWDER CIRCULATION CLEANER FOR CLEANING OF MILKING EQUIPMENT

- Specifically formulated for use in hard water areas
- Contains high levels of sequestrants and 80% w/w sodium hydroxide
- Can be used Hot or Cold
- Chlorine Free

## RECOMMENDED USAGE

**AFTER EACH MILKING** - Clean surface dirt from the clusters and jettets. Thoroughly rinse the plant in clean cold water with 15 litres per unit and run to waste. Make a fresh solution at the rate of 500g product to 100 litres of cold water (0.5%). Draw this solution into the plant. Allow approximately 7 litres to run straight through to waste and circulate the remainder for 7-10 minutes. Flush thorough with cold clean water at 15 litres per unit

**HOT WASH** – Clearway Plus can be used in a hot wash at the same rate (0.5%) of 500 g to 100L of water. Use 10 litres hot water per milking unit, and draw into the plant, discarding the first 7 litres to waste. Circulate the remainder for 7-10 minutes. Hot water should be 70 – 80°C at the start of the cycle and should run not drop below 50°C before end of the cycle. After running to waste, rinse the plant with 15 litres of cold clean water per unit.

**Storage:** Store upright and tightly closed in the original container in a cool dry place away from children, animals, foodstuffs and acids.

**Pack Size:** 20 kg bucket

**Shelf Life:** 1 year from date of manufacture

FOR HEALTH & SAFETY INFORMATION, REFER TO THE SAFETY DATA SHEET. ALWAYS READ THE PRODUCT LABEL BEFORE USE.
